Community Development Plan 2025 - 2028

Muitoa Community
Ha'ano District
Ha'apai Island

August 2024

Acknowledgment

The development of this Community Development Plans (CDPs) Report was made possible through the leadership and coordination of the Local Government and Community Development Division within the Prime Minister's Office. Their steadfast commitment to strengthening local governance and fostering community empowerment has been central to the success of this initiative.

We gratefully acknowledge the financial support provided by the Australian Government, through the Department of Foreign Affairs and Trade (DFAT), and the International Fund for Agricultural Development (IFAD). Their continued investment in inclusive, community-driven development remains a cornerstone in building resilient and thriving rural communities throughout Tonga.

We offer our sincere thanks to the District and Town Officers for their critical role in coordinating and facilitating the community planning processes. Their dedication ensured strong local participation, ownership, and alignment with community priorities.

Most importantly, we extend our heartfelt appreciation to the communities across Tonga who shared their time, insights, and aspirations in shaping these development plans. Your contributions form the foundation of this report and reflect a collective vision for a stronger, more sustainable future.

We also wish to acknowledge the MORDI Tonga Trust for its invaluable technical assistance and facilitation support throughout the CDP process. Their experience in participatory development and deep-rooted community engagement has greatly enhanced the quality and relevance of the plans presented in this report.
